

**CAMP ÅRE**

Alla aktiviteter i Åre, året runt!

*90 meters up in the air, hundreds of meters long and reaching speeds of up to 100 km/h. Feel the adrenaline pump through your veins as you soar along ziplines above the breathtaking nature of the Åre Mountain – with the amazing feeling of flying.*

# ZIP LINE

*– the ultimate  
adrenaline kick in Åre*

# Ecotours

*– learn more about  
Åre's unique nature,  
history and animal life*

# 10 new exciting reasons to visit Åre

## Ecotours

*– learn more about Åre's unique nature, history and animal life*

While ziplining we also provide you with an Ecotour. During an Ecotour our best nature tour guides will share their extensive knowledge of ecotourism with you. You will gain an increased respect for the nature, history and animals of Åre. Both zipline and Ecotours are very popular in the U.S., Canada and New Zealand. Once you have tried it you will understand why.

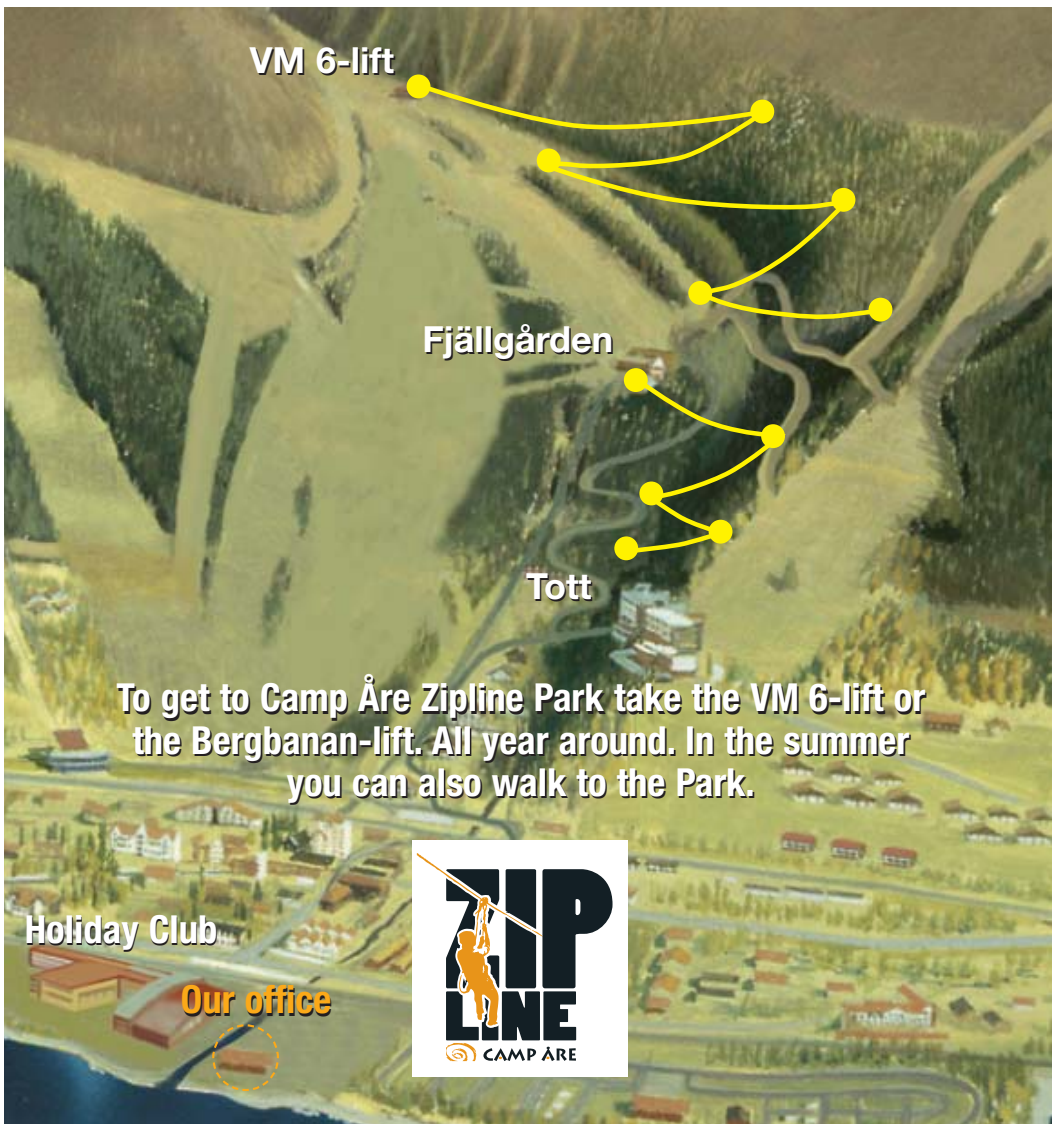

**T**he Alps might be bigger than Åre when it comes to skiing. But Åre has now the largest zipline park in Europe. Our first two zipline rides open on the 30th of January 2007 and 10 more incredible rides on the 25th of June 2007. Our longest ride takes you on a 400 meter adrenaline kick above Åre's wild nature. A must for everyone who loves extreme excitement and beautiful nature.

## **Adrenaline kick for everybody, all year around**

**Z**ipline may not be for faint-hearted. But you don't have to be especially brave either to experience the exhilaration of flying. Everybody can zipline since the speed can be adjusted to age and demand. Zipline is Åre's first outdoor activity that is open all year around. In other words, we guarantee an adrenaline kick, summer as well as winter.

To get to Camp Åre Zipline Park take the VM 6-lift or the Bergbanan-lift. All year around. In the summer you can also walk to the Park.

For more information contact Camp Åre AB: Tony Wallin, Local Manager.
